

Energy Efficiency Program for Business

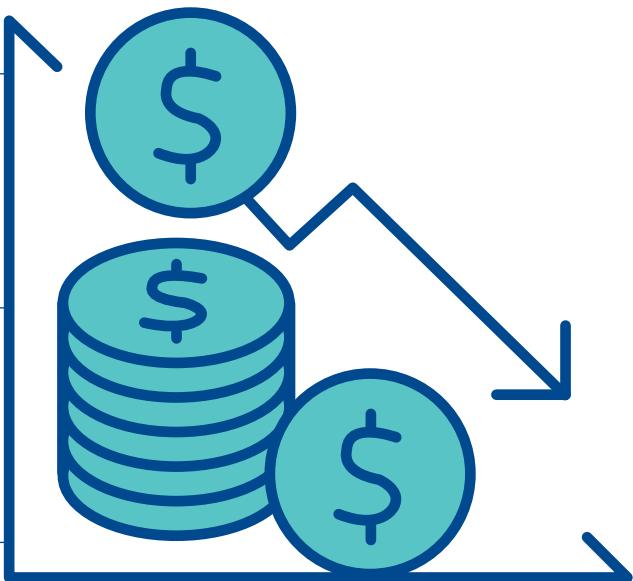

2026 Participating contractor tiered bonus

The earlier you submit a final application, the more you save. With the new tiered bonus system, your customers can save big early on, while still taking advantage of similar savings later in the year. The best part? You can even combine this tiered bonus with other eligible bonus rebates.

How does it work?

Simply submit your final application as you normally would. Your bonus will vary based on the time of year, as outlined below.

- **20% bonus**
Jan. 1 – March 31
- **15% bonus**
April 1 – May 31
- **10% bonus**
June 1 – June 30

Don't forget: Submitting your final application is as simple as a single phone call – we'll handle the heavy lifting. Call **855.748.2525** to get started.

Contractor tiered bonus details:

- This tiered bonus applies only to electric projects, submitted by participating contractors.
- Bonus rebates are available on a first-come, first-served basis, as funding is limited and subject to change.
