

Energy Efficiency Program for Business

Find it. Fix it. Get paid for it.

BAS contractors, turn building optimization into revenue

Every day, your team identifies opportunities to improve building performance – optimizing schedules, correcting control sequences, adjusting setpoints, calibrating sensors and improving HVAC system operation. Now, DTE Energy will reward you for turning those opportunities into verified energy savings.

Through DTE Energy's **Retro-Commissioning (RCx) Expansion**, qualified building automation system (BAS) contractors can earn **\$0.03 per verified kWh saved**.

Why partner with DTE?

- **Generate new revenue** from opportunities you're already identifying.
- **Help customers reduce project costs** through DTE RCx rebates, averaging more than \$16,000 per project.
- **Differentiate your services** by offering utility-backed energy optimization solutions.
- **Strengthen customer relationships** while delivering measurable energy savings and improved building performance.

Significant earnings potential

A qualifying project delivering **1,000,000 verified annual kWh savings** could generate:

- **Up to \$30,000** in contractor rebates
- **Up to \$50,000** in customer rebates

Creating a compelling value proposition for both you and your customers.

Contact the DTE RCx Program Team today to learn how your organization can become a participating contractor.

Find it. Fix it. Get paid for it.

DTE provides everything you need to succeed

Participating contractors receive:

- Savings Calculator training.
- Measurement & Verification (M&V) program criteria.
- RCx program and eligibility training.
- Technical support throughout project development.
- Savings verification.
- Rebate processing.

No prior RCx experience is required. DTE provides the training, tools and technical support needed to successfully identify, develop and submit qualifying projects.

How it works

- **Identify** eligible RCx opportunities during routine service visits.
- **Calculate** savings using the DTE tool.
- **Implement** operational improvements.
- **Submit** project documentation to DTE.
- **Verify** savings.
- **Get paid.**

Ready to get started?

The DTE RCx Contractor Expansion is available now. Rebate funding is limited and will be awarded on a **first-come, first-served basis** until available funds are exhausted.
