

Energy Efficiency Program for Business

Save more on long-life gas upgrades

Earn a 25% bonus rebate on eligible projects

Upgrading to energy-efficient gas equipment is always a great way to save energy at your business. What makes long-life upgrades different is that they can save energy over an even longer period of time, making them a valuable improvement to your business in the long run.

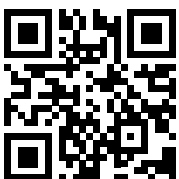

25% bonus rebate details:

- This offer can be combined with standard and other bonus rebates.
- Available on a first-come, first-served basis.
- Final application must be submitted by Nov. 30, 2026.
- See back for the complete list of eligible long-life upgrades.

*Savings and rebates may vary. Bonus rebates are calculated at 25% of final base rebate.

Eligible long-life upgrades

The following long-life upgrades are eligible for a 25% life bonus rebate, in addition to their standard rebates.

Measure ID	Upgrade name
GH1	Smart thermostat
GH2	Central natural gas furnace 92% efficient
GH3	Central natural gas furnace 95% efficient
GH4	Infrared heater
GH5	High efficiency boiler (>10,000 MBH, 88% combustion efficiency)
GH6	High efficiency boiler (>10,000 MBH, 90% combustion efficiency)
GH7	High efficiency boiler (<300 MBH, 88% AFUE)
GH8	High efficiency boiler (<300 MBH, 90% AFUE)
GH9	High efficiency boiler (>2,500 to 10,000 MBH, 88% combustion efficiency)
GH10	High efficiency boiler (>2,500 to 10,000 MBH, 90% combustion efficiency)
GH11	High efficiency boiler (300 to 2,500 MBH, 88% thermal efficiency)
GH12	High efficiency boiler (300 to 2,500 MBH, 90% thermal efficiency)
GH14	HVAC occupancy sensor
GH15	Optimum start stop
GH16	Direct fired make-up air units
GH17	Sensible energy recovery ventilation
GH18	Total energy recovery ventilation
HW1	ENERGY STAR® certified high draw tankless gas water heater (UEF>0.95)
HW2	ENERGY STAR® certified high draw water heater >55 gal (UEF ≥0.86)
HW3	ENERGY STAR® certified medium draw gas storage water heater ≤55 gal (UEF >0.81)
HW4	ENERGY STAR® certified residential-duty commercial water heater (UEF ≥0.86)
HW5	ENERGY STAR® certified high draw gas storage water heater ≤55 gal (UEF >0.86)
HW6	Large high efficiency gas water heater, ≥75,000 Btuh (TE = 0.94)
HW7	Instantaneous water heater (UEF ≥0.81)
HW8	High efficiency pool heater
HW9	High Efficiency indirect domestic hot water heating system (90% efficient)
HW10	Mid Efficiency indirect domestic hot water heating system (84% efficient)
GM1	Air compressor exhaust heat recovery
GM2	Ozone laundry
GM3	Demand control kitchen ventilation
GM5	Reach-in refrigerated display case door retrofit - 33° - 50°F (medium temp.)
GM6	Reach-in refrigerated display case door retrofit - 0° - 32°F (low temp.)
GM7	Roof insulation R-11 to R-24
GM8	Ceiling insulation R-11 to R-42
GM9	Wall insulation
GM10	Pool covers
