

**RECEIVE FREE
ENERGY-EFFICIENT
COMPRESSED
AIR NOZZLES**

USE LESS ENERGY AND SAVE MORE WITH SIMPLE UPGRADES

Speak with an Energy Advisor and receive **free** energy-efficient compressed air engineered nozzles.

Benefits include:

- Save up to \$3,600 and 72,000 kWh annually per nozzle*
- Meet OSHA standards for dead-end pressure and noise level exposure
- Decrease noise level up to 10 dBA
- Reduce compressed air use (CFM) by up to 75%
- Gain precise, repeatable drying and blow-off capabilities
